

Standards and Disciplinary Committee (SDC)

The Standards and Disciplinary Committee (SDC) is constituted to uphold discipline, ethical conduct, and institutional standards among students within the campus. The committee addresses issues related to misconduct, indiscipline, violations of institutional rules, or behaviour that affects the academic environment and the institution's reputation.

The SDC ensures that all disciplinary matters are examined fairly, objectively, and confidentially, in accordance with the principles of natural justice. It aims not only to enforce discipline but also to guide students toward responsible behaviour, professionalism, and adherence to the institution's values and code of conduct.
